Dated: 21.3.2018

Dear CPMG

This is regarding proposals pending at various stages of insurance solution in the Circles.

2. It has come to the notice that there are number of proposals pending at various stages of insurance solution (i.e. Data Entry, Quality Checker/Claim Handler, Approval, Print Policy Bond) which accounts for more than 80,000 proposals pending in these stages.

3. Further, it is also to inform that backlog of pendency in letter generation and cases where ECMS has been done/completed successfully by the users in the CPCs, are also being addressed by Infosys. However, the pendency on the stages as enumerated in Para 2 above will have to be addressed and cleared by the Circles, proactively.

4. Moreover, it is also to inform that the financial year-end validation which does not allow the proposals indexed upto March-18 to be approved in April-2018 due to change in the financial year has been taken up with Infosys for its removal in the system upto 30th April 2018, However, in the meantime, Circles to ensure the following: -

- i. Business procured in the current financial year i.e. 2017-18 should be entered into the McCamish i.e. indexing of the proposals to be done in the system by 31-Mar-2018, positively.
- ii. Subsequent premium/premia for proposal indexed upto March-18 is also collected from the proposer since even when year-end validation is removed in the system, system will ask for premium of subsequent months also while approving the proposals with back date of March-2018 in the month of April-2018.
- iii. Circles to instruct the CPCs not to raise tickets in such cases where required premium of subsequent months is asked by the system.

(Biswanath Tripathy)
Chief General Manager (PLI)

All Head of Circles.
